To Whom It May Concern,

This is to certify that Mr Ali Ghoz is now a visiting Professor of Trauma and Orthopaedic Surgery at our institution. Mr Ghoz has helped introduce new techniques in revision hip surgery. Mr Ghoz was the first in the country to perform hip preservation Periacetabular Osteotomy in Moldova. Mr Ghoz reviews our complex revision hip replacements, revision knee replacements and complex primary hip/knee replacement cases.

In the same time I should mention that Mr. Ghoz teaches the staff from the Orthopaedic Department (consultants/professors) and regularly help us in discussion of the difficult cases.

If you require any further information please do not hesitate to contact me

With kind regards,

Gheorghe Croitoru

MD, PhD, Professor

Director of the Orthopaedic Department
